MICHELIN

WING

The new MICHELIN sole 2017:

More grip, less weight.

Working together with **MICHELIN** we developed a new running sole, guaranteeing excellent and durable performance in terms of grip and durability.

FLEX SECTOR

Flex zones for excellent roll moves

HOLE PROFILE

Abrasion resistant thanks to the bigger surface and providing outstanding grip at the same time

HONEYCOMB PROFILE

Honeycomb sculpture with additional bowl shape and bigger profile lines providing best multidirectional grip

Special area with smooth surface & circular shape for best turning movements

PIVOT

PU injected torsion element for:
- excellent stability
- ergonomical rolling motion
- additional support of the arch

SYNERGY

SYNERGY, the brand new handball technology from Kempa.

The innovative production procedure and revolutionary non-slip material improves the roundness and guarantees high form stability.

The result: more **GRIP**, better **FEEL FOR THE BALL**, better **CONTROL**.

WELTINNOVATION

HANDBALLS

PU surface material with microfiber structure provides optimum grip and excellent ball control.

Multi-layered X2 lamination increases the rebound and softness of the ball

Textile lamination provides excellent roundness and supports the stability and robustness

Multi-layered X2 lamination increases the rebound and softness of the ball

The latex bladder with textile lamination prevents over pumping while minimising air loss

THERE'S NO TOUGHER TEAM SPORT, NONE WILL ASK SO MUCH OF YOUR BODY.

So you need the best protection there is

Our aim? Optimum freedom to move and lightness with maximum protection from impact.

Our outcome: KEMPA K-GUARD.

We even paid special attention to the base material.

Our requirements?

Maximum freedom to move, comfort of wear, excellent hold due to an outstanding fit, and with a protective effect that starts even with the backing material.

Our solution:

Extremely comfortable neoprene with highly elastic 3D textile inserts providing the required flexibility. This combination of materials also means, the protectors keep their excellent hold even when damp. Neoprene also ensures that your muscle always stays at a constant temperature, which can greatly help reduce the risk of injury.

That special something?

Reduced odour development due to antibacterial pretreatment with AEGIS
